organisations'

## METHODS

Training  
Coaching  
Emotion Coaching & Hypnose  
Systemic Organisation  
Constellation  
Creative writing

## I WOULD DESCRIBE MY BACKGROUND AS ...

quite varied: I have honed the skills I gained during my broad education through practice. See organisations, feel people, recognise potential for optimisation.

Having a critical eye runs in the family and I actively developed the complementing problem-solving mindset.

I ...

was born in 1972 in Linz, moved to Vienna after graduating from high school, then on to Barcelona for two years after which I was happy to return to Urfahr.

have three children – Nora (2005), Romy (2007) and Rafael (2009)..

REGINA SCHLIPFINGER HAS A GOOD INSTINCT FOR WHAT IS NEEDED IN A SITUATION AND SURPRISES WITH CREATIVE METHODS IN ALL CIRCUMSTANCES.

## I HAVE LEARNT A LOT ...

Our aim was to develop a congenial brand, to have a business that runs smoothly and

has it's very own spirit, without getting bogged down with details. as co-partner of STiScore GmbH: I realised that start-up-culture and putting an emphasis on IT keep you on your toes.

as HR-Manager & Responsible for Post Merger Integration in the corporation: I learnt to think on a large scale without getting bogged down by slow processes..

as manager of the Business Plan Contest „i2b“: Contact to the world of start-up businesses, to work intensively, implement swiftly, and meticulously scrutinise my own ideas.

as manager of trainings and seminars “for almost everything” at click&learn, where I got my first taste of what it would be like to work in professional Training.

during my first job: I realised that it can be physically and emotionally draining to work in an environment that isn't suitable to one's personality.

## OTHERS SAY ABOUT ME ...

that I keep my cool and do what is necessary in situations where others might become flustered.

that I develop cool things.

that I can juggle a fair number of balls and am able to accomplish things.

## OTHER THINGS YOU SHOULD KNOW ABOUT ME ARE ...

that I like to busy myself with neurobiology and creative writing.

that I have been playing tennis for quite a while now.

that I have realised I feel best if I am mentally and/or physically active.

that I'm convinced I am doing quite alright.

that I love to have fun.
